[REDACTED] Soviet Special-Purpose Tubes from [REDACTED]

REF : Air, AFOLN-3A2, Rept No AIN-3A-2-55, CIA #D 217014, 20 Apr 55. S
(Copy attached)
Air, ATIC, Rept FE-5633-AE, CIA #D 178483, 15 Mar 55. S

25X1B4d

1. Per our conversation, it would be greatly appreciated if your Staff could provide this Branch with a brief, informal report, re-evaluating [REDACTED] production estimates, as derived by Air Force [REDACTED]

2. The subject of sources of supply and overall production rates for Soviet microwave radar tubes will be an important section of our scheduled project, ORR No 36.1556, due for completion by 1 June 57. This [REDACTED] kit is one of the few sources for substantive data on this subject.

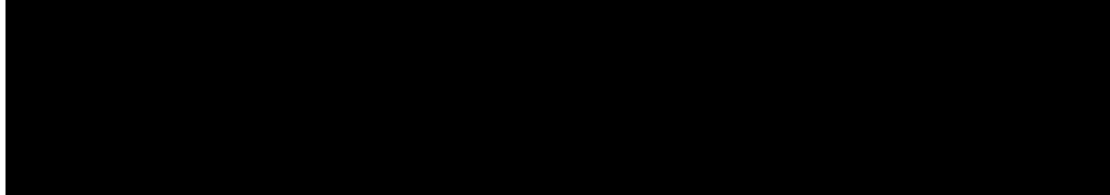

3. It is believed that your shop is quite familiar with this particular "bag of loot". In general, we have two principal questions relative to the conclusions indicated in the Air Force reports:
